

# Your Journey Starts Here

Professional Learning with TCI

Real Teachers. Real Growth.

# Our Promise: Teacher Support That Lasts

More Than a Program—A Partner in Your Success

From your first day with a new program to your fifth year of implementation, TCI provides high-impact, flexible, and ongoing learning designed to build confidence, fuel engagement, and grow your instructional toolkit.

You'll build program expertise, strengthen teaching strategies, and connect with a community of educators—all through flexible resources and ongoing support designed for your success.

## —What Teachers Are Saying—

I am new to this position and missed the previous onboarding - this was just what I needed. I feel VERY comfortable already navigating the website and confident I can find what I need. The course was well organized, and I like how it was broken up with frequent checks for understanding. Well done, TCI!

Sarah B., Middle School Teacher

# Professional Learning That Fits Your Needs

## Flexible Training Solutions for Every Educator

At TCI, we know every district is unique—so your professional development should be, too. We offer a variety of options to support all educators, and can customize a plan just for your team.

Whether you're looking for just-in-time training, sustained growth, or specialized support, our team will help craft the right plan for your district.

### Foundational: Start Strong

- **Online Professional Development**  
On-Demand Self-paced training right inside the digital platform to fit your schedule.
- **District Training**  
Live (Virtual or In Person) Jumpstart success with interactive, tailored sessions for your district.
- **Back to School Summit**  
Live (Virtual) Energize your team for the new school year with collaborative learning.

### Ongoing Support: Sustain & Grow

- **Workshops & Webinars**  
Live (Virtual or In Person) Engage in timely topics and hands-on strategies through interactive sessions led by experts.
- **Educator Community**  
On-Demand Connect and learn with peers anytime, anywhere.
- **Online Professional Development**  
On-Demand In addition to foundational, explore self-paced courses for teacher tips, teaching strategies, and best practices.

### Specialty: Deep Dive & Leadership

- **TCI Coaches Program**  
Live On-Demand Build leadership and expertise with in-depth training for teacher leaders.

# Foundational

Start strong with TCI's programs, rich in active learning and teaching resources. Our professional learning opportunities help you build expertise and dive into the underlying pedagogy for long-term success.

## Online Professional Development

On-Demand

### Practical, Self-Paced Learning Made for Busy Teachers

Professional learning is most impactful when it's easy to access and fits your schedule. That's why TCI's professional development is built directly into your teacher account—so learning happens when and where it works for you.

Our self-paced courses are designed to grow with you. Start with Foundations to get up and running, then move into courses on LMS integration and advanced instructional strategies to elevate your teaching. Each course is short, practical, and immediately applicable in the classroom.

As you progress, you'll earn badges like TCI Certified, TCI Tech Wiz, and TCI Champion to track your growth and celebrate your learning milestones.

District Administrators love our approach too—instead of a 3-hour “sit-and-get” orientation, TCI's Professional Development allows teachers to get hands-on training in the TCI platform so they can experience the programs for themselves.

✓ Interactive

✓ Clear Reporting

✓ Flexible

**And we're just getting started**—new courses and content are added regularly, so there's always something new to explore, no matter where you are in your TCI journey.

# Foundational

## District Training

### Your Goals, Your Context—Targeted Professional Development

Every district is unique—so your professional learning should be, too. TCI offers customized in-person training designed to meet your school or district's specific goals and context.

Whether you're launching a brand-new adoption or deepening your team's implementation, our PD sessions cover everything educators need to feel confident and successful. That includes:

- Navigating the TCI digital platform for daily instruction
- Using assessment and reporting tools to track student progress
- Exploring translation and accessibility features to support all learners
- Integrating TCI with your district's LMS (Google Classroom, Schoology, Canvas, etc.)
- Customizing lessons to match district pacing and priorities

Led by expert trainers and grounded in classroom realities, our sessions empower teachers to make the most of their time and their tools—right from day one.

Live (Virtual or In Person)

## Back to School Summit

### Your Summer Jumpstart

Each summer, thousands of teachers join our Back to School Summit, a free virtual event open to all TCI educators. Sessions blend foundational program support with practical instructional strategies teachers can apply right away. Whether you're new to TCI or a longtime user, you'll walk away with ideas, tools, and a stronger connection to other teachers using the same programs.

Live (Virtual)

# Ongoing Support

Sustain and grow with TCI's ongoing support. We offer a range of opportunities to help you stay inspired and connected. Explore interactive sessions, join our educator community, and access self-paced professional development to keep your teaching skills strong and up-to-date.

## Workshops & Webinars

### Expert-Led Sessions for Ongoing Learning

TCI's live workshops and webinars are designed to help you strengthen your teaching practice with focused, expert-led sessions. Each event covers timely topics, practical strategies, and effective ways to use TCI product features in your classroom. Webinar recordings are readily available, so you can learn on your schedule and revisit key insights whenever you need them.

Live (Virtual)

On-Demand

## Educator Community

### Learn Together, Grow Together

The Teach with TCI Facebook Community is more than a group—it's where real educators connect, share, and shape the future of TCI.

Inside this private community, you'll hear about new product features before anyone else, get to share your feedback directly with the TCI team, and see that we truly listen—and act. It's also a place to exchange lesson tips, share what worked in your classroom, and celebrate small wins, all from educator to educator (and TCI Coaches, too!).

We also spotlight real stories and voices through the Voices of TCI—because your experience matters and your voice deserves to be heard. [teachtci.com/tci-community/](https://teachtci.com/tci-community/)

## Online Professional Development

### Strategies and Practices

In addition to program training, TCI's online Professional Development offers courses on engaging strategies and active learning practices for your classroom.

Live

On-Demand

# Specialty PD

Some of the most powerful professional learning comes from connecting with peers who understand the classroom experience. With the TCI Coaches Program, teachers can grow and share real classroom experiences with others.

## TCI Coaches Program

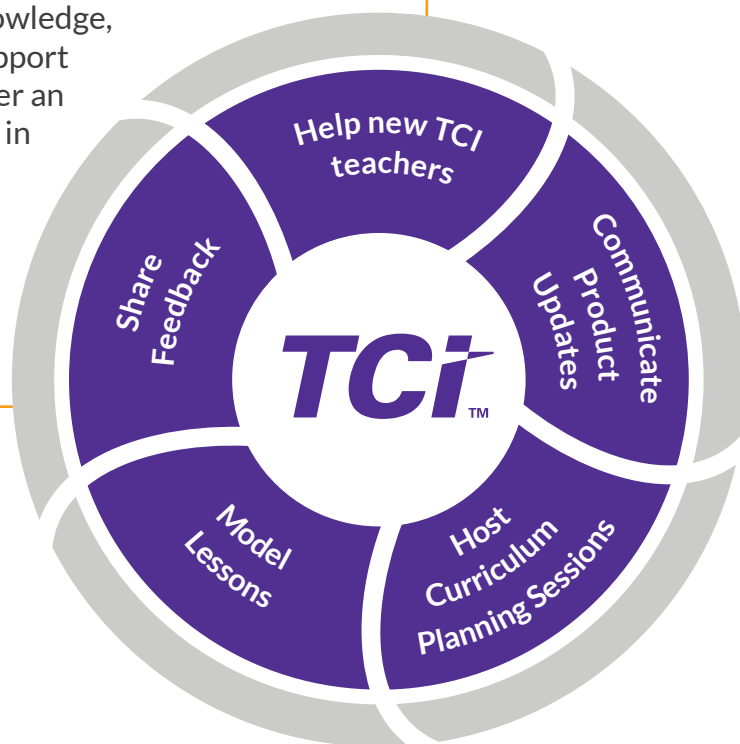

Learn Together, Grow Together

For educators ready to take their leadership to the next level, our TCI Coaches Camp is an in-person experience designed for those who want to become certified TCI Coaches. Participants engage in hands-on learning, build deep program knowledge, and return to their schools equipped to support colleagues and inspire change. We also offer an online course for those who cannot attend in person.

Together, these events cultivate a vibrant, year-round network of educators who believe in the power of learning together.
